FOR IMMEDIATE RELEASE

PAYCHECKCITY.COM RELEASES STIMULUS PAYCHECK CALCULATORS
Symmetry Software Is Ready To Show You the Money

Scottsdale, AZ (Feb. 26, 2009) Everyone is looking forward to seeing a little extra money in their paychecks thanks to the new economic stimulus package. But how much more money will make it into your pocket? Symmetry Software, the industry leader in on-line paycheck calculators, has the answer. With Symmetry's new Stimulus Paycheck Calculator, you can immediately see the impact on your take-home pay.

This handy online tool shows you not only what your net pay is under the new stimulus package, it also compares it to your old paycheck. With the addition of the new Stimulus Paycheck Calculator at paycheckcity.com, Symmetry is on top of the recent legislative changes and hopes to make these calculations easier for all hardworking Americans.

Simply go to www.paycheckcity.com, to check out the stimulus paycheck calculators, and see how much extra you will be taking home. It's quick, easy, and free, and will show you how much your take-home pay will change.

About Symmetry Software

Founded in 1984, Symmetry Software specializes in payroll and payroll-related withholding tax software applications for the Internet and corporate intranets. Based in Scottsdale, Arizona, Symmetry runs three payroll-related Web sites:

- www.PaycheckCity.com: Symmetry's most popular Web site receives more than 4 million page views each month. As one of the most-visited payroll support sites on the Internet, this Web site offers employees self-service tools for paycheck management including free personal finance calculators. Individuals can model "what-if" scenarios using their wages and other paycheck figures to determine the impact on "take-home pay".
- www.StateW4.com: Making one's way through the maze of state withholding requirements and forms is a challenge for the most experienced HR professional. This is a "must-have" tool for companies with employees in multiple states. Using the site's online form-preparation process for federal, state and local withholding forms, which includes built-in error correction and data validation, can ensure that HR departments have access to the latest reciprocity information and forms.

-more-

- www.Payroll-Taxes.com: This Web site has a payroll research library for industry professionals, including free paycheck calculators and a paycheck community message board.
